Help Spies Find Safety In The Hills!

God told Joshua to be strong and courageous! He would give his people the Promised Land of Canaan as He had promised. Joshua wanted to be prepared! He secretly sent out two spies to know what he would encounter. God protected the spies at the house of Rahab. When the king wanted the spies, she hid them on her roof in the flax. She told them to go into the hills and hide for three days, then go back and report.
