*Let's make!*

1. Ask children to have this image cut:

2. Below are hair shapes that can be cut and used to decorate the smiley face - children can use other materials like yarn / twine. Then, children can draw eyes, nose, mouth.

3. Colour below square shape and cut, fold at dotted line. Children can cut similar size shape at colour construction paper too.

4. Children can use below blank space to draw around their hands, and cut them.

5. Assemble all the pieces and glue together as per sample picture. Review today's Bible story and memory verse.

*Happy crafting!*
